

Advertising Guidelines 2019-2020

Unitrans operates a fixed-route transit service in Davis, California, serving over 29,000 students at the University of California, Davis, and 60,000 residents in the community of Davis. The system is almost entirely operated by UC Davis students, including bus drivers, supervisors, and managers. Normal daily ridership is over 23,000 passengers on our eighteen routes (during the regular school year), with an annual ridership of greater than 4 million passengers. Buses run from 7:00am to 10:30pm (Double-Deckers run until 7:00pm), ensuring maximum advertising exposure to the student population and community of Davis. Our routes serve the Downtown area and all major apartment and student living areas, running throughout the entire city and the core of the UC Davis campus. More information can be found at unitrans.ucdavis.edu.

Advertising space is available on the interior of 32 single-deck buses, the exterior and interior of 2 vintage double-deck buses, the exterior of 4-modern double-deck buses, and the exterior of 40 single deck buses. Available space can be purchased per academic year with current clients having first priority for renewal of their contracts, and any available space will be given to potential customers according to the order of the waiting list. **It is the responsibility of the client to design and produce their advertising media at their cost.**
